

2021 GNOSEF CATEGORIES

Junior Division*	
JANIM	Animal Sciences
JBCMB	Biochemistry and Cellular and Molecular Biology
JBEHA	Behavioral and Social Sciences
JBHSB	Biomedical and Health Sciences and Biomedical Engineering
JCHEM	Chemistry
JEAEV	Earth and Environmental Sciences
JEGSD	Energy: Sustainable Materials and Design
JENEV	Environmental Engineering
JENMC	Engineering Mechanics
JERIM	Embedded Systems and Robotics and Intelligent Machines
JMASS	Mathematics and Systems Software
JMCRO	Microbiology
JPHYS	Physics and Astronomy
JPLNT	Plant Sciences
Senior Division	
SANIM	Animal Sciences
SBCMB	Biochemistry and Cellular and Molecular Biology
SBEHA	Behavioral and Social Sciences
SBHTS	Biomedical, Health, and Translational Medical Sciences
SCBBE	Computational Biology, Bioinformatics, and Biomedical Engineering
SCHEM	Chemistry
SEAEV	Earth and Environmental Sciences
SEGSD	Energy: Sustainable Materials and Design
SENEV	Environmental Engineering
SENMC	Engineering Mechanics
SERIM	Embedded Systems and Robotics and Intelligent Machines
SMASS	Mathematics and Systems Software
SMATS	Materials Science
SMCRO	Microbiology
SPHYS	Physics and Astronomy
SPLNT	Plant Sciences

***Junior Division Materials Science projects** should be placed in the category that best fits the research or design project. Categories could include Chemistry, Engineering Mechanics, Mathematics and System Software, or Physics and Astronomy.

Annette Oertling, Ph.D. and Michelle Sanchez, Ph.D. | GNOSEF Fair Directors | gnosef@tulane.edu
